Glory to God for the faithfulness and generosity of His people!

Whenever, contrary to the world’s vindictiveness, we love our enemy, we exhibit something of the perfect love of God, whose will is to bring all human beings together as children of one Father. Whenever we forgive instead of letting fly at one another, bless instead of cursing one another, tend one another’s wounds instead of rubbing salt into them, hearten instead of discouraging one another, give hope instead of driving one another to despair, hug instead of harassing one another, welcome instead of cold shouldering one another, thank instead of criticizing one another, praise instead of maligning one another ... in short, whenever we opt for and not against one another, we make God’s unconditional love visible; we are diminishing violence and giving birth to a new community.
